The Omaha Masters Swim Program requires the first 3 items (you are encouraged to do #4):

1. You must be a current United States Masters Swimming (USMS) member. Register for USMS on-line - www.usms.org, click on the "Join/ Renew" button and follow the steps to register.
2. You will need to pay an annual Administrative Fee for the program and fill out this information sheet including your name, address, birthday, and e-mail. The annual fee is \$30. Checks are payable to "Samland." The Administrative fee is waived for college students.
3. You will need to pay Coaching Fees for the program. You can pay monthly (\$50), quarterly (\$125) or for the entire year (\$475). The monthly fee is by the month, not for a 30-day cycle. You determine the number of days that you want to swim per month. The Coaching fees remain the same regardless of if you swim 4 times per month or 30 times per month.
If you are a member of The Kroc Center, the fees are paid monthly (\$35), quarterly (\$100) or for the entire year (\$375). Kroc members are also responsible for the annual fee of \$30.
4. You should consider "giving back" to the sport of swimming!! You can volunteer to help with free Adult Swim Lessons (ask Sue Nutty). You can become a booster club member. You can volunteer at a swim meet - Masters, College, High School, Age Group, YMCA, or Summer League. You can be a web master for a swim program. You can be a volunteer coach for our program. You can mentor one of our new swimmers. "Giving back" is an important component to the philosophy of this program!
